Digital Signage + Television : Billboard TV

The LG EzSign TV is the world's first TV that comes with a signage function. Run messages on the TV screen in the form of a billboard without additional hardware. Advertisements, information and broadcast content can be arranged on the same screen to attract attention and deliver specific messaging to your customer base.

$ COST EFFECTIVE
No need to buy a media player - Create your own signage content by using your PC and the free EzSign TV software. Transfer that content by using a USB flash drive and plug it in to the EzSign TV to run it.

CUSTOMIZED TO YOUR NEEDS
Signage content can be customized for your business - The LG EzSign TV allows you to create your own signage content and make revisions on the fly.

FAST AND EASY
Edit content quickly and easily - Select one of the pre-made templates. Add your images and text to it. It's that simple.

VARIETY
Choose from a broad range of template designs - The LG EzSign TV gives you the power to choose and change according to your needs.

LG EzSign TV Free Software v2.0

CREATE YOUR CONTENT IN 4 SIMPLE STEPS

STEP1 Choose a Template

Choose from a wide array of pre-installed templates.

**STEP2** Edit Content - Photos & Text

Add text and drag and drop your image files into the content boxes.

STEP3 Scheduling

Schedule events.

STEP4 Export to TV - USB/Wireless

Export your content to the TV via USB or Wirelessly.

FREE TEMPLATES*
56 high quality FREE templates are available that can easily be updated.
* Templates can not be modified.

ADD PHOTOS
Take or upload photos at the business site and insert into a template.

ENTER TEXT EASILY
Created by LG, this program offers the click-and-write function, easy even for beginners.

The Best Award Winner (two consecutive years) from the Commercial Integrator magazine for digital signage hardware and the product of the year from CRN, the LG EzSign TV is an innovation in digital signage that can entertain while maximizing the impact of your message.

Optimized Features for Commercial Use

FOR EFFICIENT MANAGEMENT

PUBLIC DISPLAY MODE
From channel selection to energy-saving features, Public Display Mode allows you to control the TV settings in your business area prevent misuse by customers, set volume limits, or restore factory defaults on any TV. You are in control of it all.

Public Display Mode Setup

Hotel Mode Operation	◄ Yes ►
•Power On Status	STD
•Setup Menu Display	Yes
•Programme Change	Yes
•Input Source Change	Yes
•Menu Display	Yes
•OSD Display	Yes
•LG IR Operation	Yes
↩ Previous	○ OK

USB CLONING
The USB Cloning feature allows you to simply copy the TV settings onto all TVs using a USB stick, a process that is fully automated to save time without having to set each TV one by one.

Receiving from USB
Loading... ○ OK

USB

WELCOME SCREEN
Welcome visitors with a warm greeting message that includes your business name and logo.

Welcome

MULTI IR
Multi IR function eliminates the remote control signal interference between TVs in multiple dwelling rooms. This system will work using the same LG TV model.

(Optional 124-213-10 required)

RS232C CONTROL
Via the TV's RS-232C port, you can remotely control multiple TVs' power and volume settings simultaneously.

RS232C

FOR CONVENIENCE & ENTERTAINMENT

EXTERNAL SPEAKER OUT
Enhance the entertainment experience by adding an additional speaker, visitors to listen to and control the TV audio from anywhere in your business area, including restrooms.
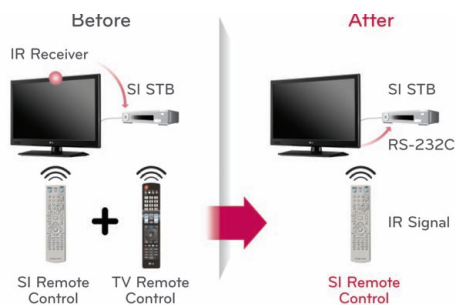

Speaker out

REMOTE JACK PACK
The plug and play function with compatible Remote Jack Pack enables guests to view media from their portable devices on the TV screen seemlessly.

MP3 | Digital Camera | Mobile | Laptop

IR OUT
IR Out enables customized set-top boxes to receive IR signals via LG TV Signage. This added convenience requires only simple connections and allows easy management using a single remote control.
