Product Description

Turn your laptop into a desktop in one simple step with the Kensington Laptop Docking Station with Video & Ethernet sd400v. Simply plug a single USB cable into your laptop and you are instantly comfortable and connected to internet.

Features

- Operating Systems Compatibility: PC including Windows® 7 (32-bit and 64-bit editions), Windows® Vista® sp1 (32-bit and 64-bit editions), Windows® XP (sp2, sp3, including Tablet PC editions). Auto install supported for all PC running Windows® 7, Windows® V

- Docking station will not provide power to your laptop, but provide connectivity to peripherals and network via a single USB cable

- Audio: Front Audio ports (Audio in/out), Back Speaker port (Audio out) USB ports: 5 USB 2.0 & "always-on" Network: 10/100 Ethernet *

- Kensington security slot allows you to secure your dock and its connected peripherals (Kensington lock sold separately)

- Universal compatibility with all brands of laptops via USB: Acer®, Asus®, Compaq®, Dell®, Gateway®, HP®, IBM®, Lenovo®, Sony®, Toshiba® and more

- Auto install design makes the initial installation a true "Plug&Play" experience. No CD software required. Perfect for office space shared with multiple users. Auto install supported for all PC running Windows 7, Windows® XP and Windows Vista®

- All the port connectivity you need including 10/100 Ethernet to maintain Internetconnection and avoid wireless hang-ups

- "Always-on" USB ports charges your mobile devices even when your laptop is shut down

- Hot pluggable, so you can connect to the dock and swap devices without shutting down

- Mini tower design reduces desktop footprint

- HD screen capable so you can connect to a very large external monitor and drastically increase your visual workspace. Front DualView button makes dual screen setup easy

- Front audio ports and back speaker port lets you connect both 2.1 stereo speakers and Internetchat headset
